Highlights

Duo Latte function

Save time and effort with the patented Duo Latte function in your SENSEO® Latte Duo coffee maker. Make 2 cups of any coffee specialty you like at the same time at the touch of only one button. Enjoy making your coffee specialty preparation as easy and effortless as never before.

Fresh milk coffee specialties

Enjoy your delicious SENSEO® cappuccino, latte macchiato or café latte with a rich combination of coffee and fresh milk. Each cup is crowned with a creamy foam layer, just like the ones you can enjoy in coffee bars!

Strength select function

Prepare your favorite cup of coffee by adjusting the strength and intensity of its taste. With the strength select function on your SENSEO®, you can choose between strong short and mild long coffee.

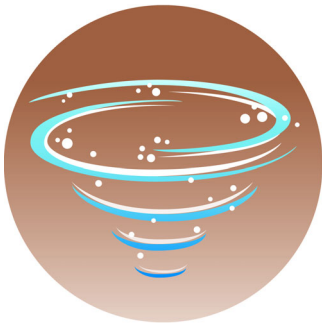
Programmable cup volume

Program the volumes of each of the recipes in your Philips SENSEO® Latte Duo coffee maker to small, regular or large cup filling, so that they always fit your most favorite cup and taste preferences.

Smart guided touch panel

Operate your Philips coffeemaker in a modern and intuitive way with the unique and smart guided touch panel. The LED indicators guide you through the different functions of your coffeemaker to make your coffee experience even more convenient.

Easy clean system



All parts in your Philips SENSEO® Latte Duo coffee maker that get in touch with milk can be cleaned thoroughly, through the One-Touch cleaning routine after each use. Or simply disassemble the milk spout and wash all parts thoroughly by hand or in the dishwasher at the end of the day.
